1. Both [REDACTED] and I have thoroughly discussed Mr. [REDACTED] proposal contained in [REDACTED]. This proposal is in line with discussions I have had with [REDACTED]. We feel that the method proposed by the contractor to maintain accountability of those items delivered on the contract and being used in the testing phase of the operation is satisfactory. Further, we feel that the proposed method of disposing of items that are no longer repairable is a simple, adequate and effective method.

2. We propose no objection to the appointment of [REDACTED] as a contractor's representative for the purpose of disposing salvage items. However, we feel that a price limitation of \$15,000 per any one individual item be placed upon [REDACTED]. This would account for 95% of the items on the aircraft; however, it would not include the 5 basic, high-cost, airframe items. This figure was proposed by [REDACTED] and is concurred in by this office.
